CHRISTMAS TREE FIRE SAFETY

Select a live tree that is not already dried out

Consider using a flame resistant artificial tree

Cut 2 inches from base of trunk then water daily

Christmas Trees

Discard dry trees promptly and appropriately

Place the tree at least 3 feet from all heat sources

Use LED lights instead of incandescent

WINTER DRIVING TIPS

Colorado weather can change quickly and unexpectedly. Having good tires, windshield wipers and fluid, and ample gas in the tank is vital to safe winter driving.

Allow more time to get where you are going.

Increase the following distance to 8-10 seconds between cars when driving on icy slippery surfaces.

Accelerate and stop slowly.

Avoid stopping while driving up a slippery hill.

Do not pump brakes if your vehicle has anti-lock brakes.

Create a Winter Car Kit: flashlight, gloves, blanket, salt, shovel, battery starter, ice scraper, cell phone charger.
