GROUND BREAKING NEWS!!!

We are excited to announce that on April 24th, 2023, construction has started for the new CCMD Administration building!

Improvement construction will also be starting at the CCMD Fire Station in the near future. The office staff will be temporarily relocating to an office within the district until the new Administration building is ready. Keep posted for more information!

As the warmer weather arrives, the watering season begins. More than 300 gallons can move through the meter in just 1 hour of watering. To help our residents conserve water and lower bills, CCMD offers a free metering APP: Eye on Water. We currently only have 21% participation within the district. Please take advantage of this wonderful resource! <https://eyeonwater.com/signup>

CCMD is pleased to have its own dog park. The Centre Barkway is located at 9696 Flagstone St, near the skate park and is situated well away from our wells. **We kindly ask that you please do not use the soccer field as a dog park.** The soccer field is located close to CCMD's water supply and we do not want to risk contamination with pet waste. Thank you!
